Rugged stainless steel camera enclosure

# STATON IP

High-quality camera technology requires high-quality protection, especially for outdoor use. The STATON stainless steel camera enclosure defies the most extreme weather conditions - over years.

In addition to its extreme weather resistance, the STATON IP convinces with its universal and time-saving mounting and connection options.

## HIGHLIGHTS

» Quick camera change without recalibration

» Self-supporting camera / lens carrier with the possibility of adjusting the camera / lens unit when the camera unit is installed

» Universal mounting (suspended or standing)

» Static stainless steel camera enclosure including pan/tilt unit

» Power supply via PoE+ possible

» Minimal service and maintenance costs

» Highest reliability and first-class investment protection

» Optimally suited for use in traffic engineering and industry
